Changes were made to the IFRS financial statements closed on June 30, 2007, initially published in the BALO of October 26, 2007. These modifications are explained by the transfer of document processing activities to TESSI in 2007, which represented around one-third of the "Technologies and services" activity. These transfers reduced the "Technologies and services" sector to an insignificant size. The remaining activities of this sector were reallocated to the Group's three other activity sectors.

The transfer of document processing activities to TESSi in 2007, which represented around one-third of the "Technologies and services" activity

sector reduced this to an insignificant size. The remaining activities of this sector were reallocated to the Group's three other activity sectors.

Changes were made to the IFRS financial statements closed on 31 December 2007, initially published in the BALO of 28 April 2008. The former "Technologies and services" sector was reallocated into the three other sectors. These modifications were integrated with each item of each sector as of December 31, 2007, presented above, for the following amounts:

CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. IFRS ACCOUNTING STANDARDS

The Group's half-yearly consolidated financial statements as of June 30, 2008, have been prepared in accordance with standard IAS 34 – *Interim Financial Reporting*. They correspond to condensed interim financial statements and do not include all of the information required for annual financial statements. The consolidated financial statements as of June 30, 2008, should therefore be read in conjunction with the Group's published consolidated financial statements as of December 31, 2007.

The accounting principles applied by the Group to prepare the half-yearly consolidated accounts as of June 30, 2008, are identical to those applied by the Group as of December 31, 2007, with the exception of amendments of IFRS standards and interpretations under mandatory application beginning January 1, 2008. These accounting principles are described in the paragraph "ACCOUNTING PRINCIPLES" of the consolidated accounts in the 2007 reference document and comply with the IFRS (International Financial Reporting Standards), as approved by the European Union.

These principles do not differ from the IFRS standards as published by the IASB to the extent that the application of the following standards and interpretations not yet adopted by the European Union, which is mandatory for fiscal years starting on or after January 1, 2008, would have no significant impact on the Group's financial statements:

- IFRIC 12 – *Service Concession Agreements*;
- IFRIC 14 – *The Limit on a Defined Benefit Asset, Minimum Funding Requirements, and their Interaction*.

The Group did not anticipate standards and interpretations with mandatory application after January 1, 2008:

- IAS 1 revised – *Presentation of Financial Statements*;
- IAS 23 – *Borrowing Costs*;
- IFRS 8 – *Operating Segments*;
- IFRIC 13 – *Customer Loyalty Programmes*;
- IFRIC 11 – IFRS 2 – *Group and Treasury Share Transactions*.

In accordance with standard IFRS 5, assets and liabilities held for trading were reclassified on the balance sheet as "assets related to discontinued activities" and "liabilities related to discontinued activities". The details of these assets and liabilities are indicated in note 13. In addition, earnings from activities being sold have been presented separately in the income statement.

2. HIGHLIGHTS

On February 14, 2008, CEGEDIM ACTIV, a subsidiary of CEGEDIM SA, acquired the French company PROTECTIA, publisher of the medical software package "PROTECTIA".

On June 9, 2008, Cegedim Logiciels Médicaux, a subsidiary of CEGEDIM SA, acquired the French company 01 SANTE SA, publisher of the medical software "MegaBaze."

On February 8, 2008, Cegedim Turkey acquired ULTIMA, a company specializing in pharmaceutical CRM.

The CEGEDIM Group is also continuing to develop its databases for the pharmaceutical industry with the creation of a subsidiary in Taiwan.

In keeping with the operations carried out during fiscal year 2007, Cegelease made an additional transfer of a part of its receivables to NATIXIS in exchange for 34.5 million euros in cash.

The transfer of document processing activities to TESSI in 2007, which represented around one-third of the "Technologies and services" activity sector, has simplified the organization of the sectors. The Cegedim Group now has three activity sectors: CRM and strategic data, healthcare professionals, and insurance and services.

On March 21, 2008, the Board of Directors was authorized by the extraordinary general shareholders' meeting of February 22, 2008, to allot free shares to the directors and employees of the Cegedim Group (see note 9).

Statutory Auditors' Review Report on the first half-year condensed Consolidated Financial Information for 2008

To the Chairman ,

Further to your request and in our capacity as statutory auditors of Cegedim SA, we have reviewed the accompanying half-yearly condensed consolidated financial statements of Cegedim SA, for the six-month period from January 1 to June 30, 2008.

These half-yearly condensed consolidated financial statements are the responsibility of the Board of Directors. Our role is to conclude on these financial statements based on our review.

We conducted our review in accordance with professional standards applicable in France. A review consists primarily of making inquiries of persons responsible for financial and accounting matters, and applying analytical procedures. A review is substantially less in scope than an audit conducted in accordance with professional standards applicable in France and consequently can only provide moderate assurance that these half-yearly condensed consolidated financial statements, taken as a whole, do not contain any serious misstatements.

Based on our review, nothing has come to our attention that causes us to believe that the accompanying half-yearly condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 - IFRS as issued by the International Accounting Standards Board applicable to interim financial information.

This report does not constitute the legal report of the statutory auditors on the half-yearly condensed consolidated financial statements, which expresses our opinion on these financial statements with regard to the IFRS standards, as adopted in the European Union.
