

PRESS RELEASE

TURN THE PAGE: JOIN THE DEMATERIALIZATION ERA WITH GLOBAL INVOICE SERVICES, CEGEDIM EDI'S INVOICE DEMATERIALIZATION SOLUTION

**DOCUMENTATION 2008 TRADE SHOW
12 AND 13 MARCH 2008 - CNIT PARIS LA DÉFENSE - STAND G24**

Paris, 3 March 2008 – CEGEDIM EDI, the expert in electronic data interchange with over 350 million accounting flows processed annually, will participate in the 14th annual Documentation trade show scheduled for 12 and 13 March in Paris, at the CNIT building in the La Défense business district. Participating in the trade show for the first time, **CEGEDIM EDI will present its invoice dematerialization solution, Global Invoice Services (GIS), at Stand G24.**

Aiming for “paperless”

Today, electronic data interchange is a key strategic consideration for companies looking to control costs, increase productivity and significantly reduce litigation. Even for a workforce set in its ways, making the transition from paper to electronic documents is no longer an ordeal, but rather a tried and true process orchestrated by specialist service providers.

With its Global Invoice Services (GIS) electronic invoicing solution, CEGEDIM EDI offers companies a real partnership throughout this transformative process, the first step toward successful outsourcing.

GIS is an interoperable ASP-type solution that allows suppliers and clients with heterogeneous systems to exchange invoices. Totally compliant with current EU laws, Global Invoice Services makes it possible for users to manage all functional, technical and legal aspects of electronic invoicing, archiving and restitution.

Launched in 2005 in a document dematerialization market attentive to the new services available to companies, the Global Invoice Services solution has since won over companies with substantial invoicing needs, such as Europ Assistance France, Hasbro and Coloplast.

Workshop: “Lower costs, increased productivity – what are you waiting for to go electronic?”

12 March 2008 from 4:15 to 5:00 pm in Room 4

Wednesday 12 March, CEGEDIM EDI will lead a workshop on the topic: “Lower costs, increased productivity – what are you waiting for to go electronic?” CEGEDIM EDI will take this opportunity to share the invoice dematerialization experience it has gained over the course of numerous innovative and original projects and will illustrate its observations using concrete client examples.

Led by: - Mr Didier Desenfans, Sales and Marketing Director, CEGEDIM EDI.
- Mme Vanessa Debuire, Business Engineer, CEGEDIM EDI.
