

CEGEDIM ANNOUNCES THE ACQUISITION OF FRENCH COMPANY PROTECTIA

CONSOLIDATING CEGEDIM ACTIV'S NEW POSITIONING ON THE PERSONAL INSURANCE MARKET

Paris, 14 February 2008 – CEGEDIM ACTIV, the French leader in software and services for the Personal Insurance market and a subsidiary of CEGEDIM SA, announces the acquisition of the PROTECTIA company, publisher of "PROTECTIA" healthcare software.

With more than 15 years of providing services to Supplemental Health Insurance professionals, PROTECTIA enjoys solid name recognition in the middle market. Its clientele is mainly composed of mutual insurance companies specializing in Personal Insurance. Since 2001, the company has published "PROTECTIA" software, a solution that integrates internet technologies and manages a total of nearly 1.5 million policyholders in France. PROTECTIA is based in Lezennes, France and has 32 employees.

This acquisition comes at a time when the Personal Insurance market's regulatory and competitive landscape is undergoing profound changes, and just as economic pressures are mounting. Companies in this market have a greater need than ever for high-performance tools adapted to their size and activities.

With PROTECTIA's expertise and know-how, CEGEDIM ACTIV will be able to meet these needs by building a richer middle market service offering around a modern solution based on the latest technologies.

"The PROTECTIA acquisition fits in perfectly with our growth ambitions," states Antoine Aizpuru, CEO of CEGEDIM ACTIV. *"It is a great match for our strategy of taking a market segmentation approach by supplying middle market companies with a proven solution on the leading edge of technology that is tailored to their specific needs."*

"We are particularly proud to join CEGEDIM Group as part of its CEGEDIM ACTIV subsidiary. This deal is a clear recognition of our expertise. We are also very eager to put our weight behind CEGEDIM ACTIV's ambitious projects," declares Pascal Duclos, Chairman of PROTECTIA.

The deal was signed on 16 January 2008 and will be financed with equity. The acquired activities represent annual turnover of around €4 million, will make a positive contribution to CEGEDIM Group's 2008 results, and do not harbor any debt.

About CEGEDIM ACTIV:

CEGEDIM ACTIV is the CEGEDIM Group's software and services department dedicated to personal insurance. This specialized department has 500 employees and annual turnover of €60 million. The company's 200 clients use its solutions to manage 30 million policyholders in France who are insured under compulsory schemes, supplementary health and contingency plans, or hold life, savings or retirement insurance products. CEGEDIM ACTIV also manages 150 million EDI and third-party transactions per year, through its complementary range of high value-added software products and services.

CEGEDIM ACTIV is part of CEGEDIM Group's "Healthcare and strategic data" division.
