

PRESS RELEASE

Cegedim Insurance Solutions successfully rolls out ACTIV'Infinite for Unéo

The military's mutual insurer has been using its new solution for managing Health and Personal protection insurance to the fullest since early fall

Boulogne-Billancourt, November 8, 2017

Cegedim Insurance Solutions, France's top provider of software and services for the personal insurance market, has successfully teamed up with Unéo, the military's mutual insurer. Unéo has been authorized by the French Ministry of the Armed Forces since 2011. It is the second-largest mutual insurer for public sector employees and the sixth largest in France. The two companies rolled out Cegedim Insurance Solutions's [ACTIV'Infinite](#) solution in BPO mode. The ambitious project has made it possible for the mutual to offer the highest level of service quality for its more than 1.1 million beneficiaries.

A modular solution for serious strategic and technological challenges

Unéo wanted to upgrade its IT system to optimize service quality for its members and better handle the management needs of new health and personal protection insurance offerings as part of the next round of authorization by the Ministry of the Armed Forces, which starts on January 1, 2018.

[ACTIV'Infinite](#) is flexible, adaptable, and proven. It covers more than 17 million beneficiaries. Unéo has opted for a BPO package that will enable it to meet all of its challenges with confidence.

The [ACTIV'Infinite](#) roll-out began in April 2015. The system was first put to use in February 2016 for health insurance policy services, and then on June 1, 2017, for managing the policy lifecycle and premiums, as well as personal protection policy services.

Successful roll-out

The system has been in use for several weeks, and tests for accuracy and compliance show that the [ACTIV'Infinite](#) solution has met every expectation. The transition went smoothly, and all of the data from the old platform was successfully transferred to the new one.

"This large-scale project was a real triumph for us. Unéo is committed to providing its members with the highest level of service quality. The dedication of teams at Unéo and Cegedim Insurance Solutions was key to making the project work. We are now looking forward with confidence to the Ministry of the Armed Forces' 2018-24 authorization process, and are proud to meet the needs of everyone in the military," said [Pascal Pigot, CEO of Unéo](#).

"Unéo covers more people with our BPO services than any of our other clients. Our robust solution and the meticulous operating assistance we provided in the successive roll-out phases laid the groundwork for a successful start-up. Our information system expertise, combined with our third-party payer expertise, really adds value for CIS clients who pick this option," underlined [Philippe Simon, Chairman of Cegedim Insurance Solutions](#).

About Cegedim Insurance Solutions:

The Cegedim Insurance Solutions Business Unit includes all of the Group's solutions and services for insurers, mutual insurers, social welfare institutions and intermediaries through its Cegedim Activ, Activus, Midway, Cetip (SP santé and iSanté third party payment) and iGestion entities. This unit brings together competencies across the entire chain of information sharing between healthcare professionals, insurance organizations and managers of compulsory and supplemental insurance plans. Cegedim Insurance Solutions is an industry leader in software and services for the personal insurance market in France and internationally, with €2.9 billion in benefits paid, 43 million beneficiaries, 230,000 healthcare professionals in network, and 400 million data flows processed annually.
