PRESS RELEASE

Fleury Michon picks Cegedim SRH to modernize its HR processes and TEAMS^{RH} to manage its 3,400 employees in France

Paris, February 15, 2018

Cegedim SRH, an innovative Cloud HR and outsourced HR services company, has signed a contract with Fleury Michon. In anticipation of organizational and legislative developments, the French food producer is using the company's TEAMS^{RH} modular platform to optimize payroll management and digitize HR processes.

Fleury Michon, a food producer with a workforce of 3,400 in France split between eight companies, chose [Cegedim SRH](#) to modernize its payroll and HR management system.

Fleury Michon's previous HRIS no longer matched the company's organizational, legal or application needs, so it sought a way to extend the life of its existing processes while making them more centralized and secure, but the group also wanted to start preparing for the future.

"We adopted the integrated Cegedim SRH solution in response to a range of different challenges. This update will put us ahead of the curve, with digital processes and more fluid information exchanges. The new platform anticipates upcoming legislative developments, such as the withholding tax obligation (on January 1, 2019 – ed.), and will adapt as our organization changes. It will also help improve our reporting," said [Jean-Louis Roy, Fleury Michon Group Head of Administration and Finance](#).

Digital means greater autonomy and time savings

While Fleury Michon picked Cegedim SRH's [TEAMS^{RH}](#) for its wealth of functionality and flexibility, the solution will also deliver a higher level of service to managers and employees, managing work flows and making them more independent.

The payroll module was successfully rolled out for French employees in December 2017. Next up are the [Portail RH](#) collaboration platform and the employer digital vault in March 2018. In the second half of 2018, installation will begin on a new payroll management module: [Pilotage de la masse salariale](#).

"We are pleased to be working with a company that is one of the best in its industry. The teams in our Nantes offices are close by, allowing us to form a true partnership with the Fleury Michon Group that will boost employee satisfaction. Our modular, digital offering, which includes monitoring of legal and collective bargaining developments, gives companies the agility and security they need to keep pace with changes in their own structures and in their environment," noted [Jacques Olivier, Business Engineer at Cegedim SRH](#).
